Stockholm Insurance Medicine Lecture

3 October, at 14.30
Samuelssonsalen, Tomtebodavägen 6
KI Campus Solna

Program

14.30 "Young adults, mental health and work"

Professor **Ute Bültmann**, University of Groningen, The Netherlands

PhD Ute Bültmann is Professor of work and health and the program leader of public health research in the Department of Health Sciences, Community and Occupational Medicine at the University of Groningen in the Netherlands. Professor Bültmann's research interests include the epidemiology of work and health and the measurement of health-related functioning at work. The focus of her current research is on adding a life-course perspective to work and health research, and on translating findings into relevant policy and practice measures to make a difference in achieving healthy working lives.

15.15 Panel discussion with invited researchers and stakeholders (in Swedish)

Moderator: Ellenor Mittendorfer-Rutz, Professor, Division of Insurance Medicine, KI

16.15 Mingle, with refreshments

Please, notify your attendance to katarina.lonnqvist@ki.se ASAP, the latest by 23 September
